The PROCON-WEB SCADA and PROCON-WEB Embedded System variants are the ideal solution for your HMI application.
The Windows-based PROCON-WEB SCADA runtime enables the visualization of complex machines and systems.
The platform-neutral PROCON-WEB Embedded System runtime is ideal for high-quality HMI solutions and scales perfectly with the available hardware. The solution is executable as a container, as well as for Linux and Windows.
PROCON-WEB Embedded System is available through the Appmanager for u-OS and enables the optimal HMI experience for u-mation.
The engineering of the PROCON-WEB HMI variants is done by PROCON-WEB Designer.

General ordering data

Version	Visualization software, Platform for runtime system: , Number of process variables, max.: , Number of HMI-devices, max.:
Order No.	3174060000
Type	PWEB-SCADA-RT-30000/10
Qty.	ST
