To feed through power, signal, and data is the classical requirement in electrical engineering and panel building. The insulating material, the connection system and the design of the terminal blocks are the differentiating features. A feed-through terminal block is suitable for joining and/or connecting one or more conductors. They could have one or more connection levels that are on the same potential or insulated against one another.

General ordering data

Version	Feed-through terminal block, Screw connection, beige, 35 mm ² , 125 A, 1000 V, Number of connections: 1
Order No.	0170020000
Type	SAKG 28 I
GTIN (EAN)	4008190152000
Qty.	10 items
