Product image

To feed through power, signal, and data is the classical requirement in electrical engineering and panel building. The insulating material, the connection system and the design of the terminal blocks are the differentiating features. A feed-through terminal block is suitable for joining and/or connecting one or more conductors. They could have one or more connection levels that are on the same potential or insulated against one another.

General ordering data

| | |
|------------|---|
| Version | Single- and multi-pole terminal strip, Screw connection, medium yellow, 4 mm ² , 32 A, 400 V, Number of connections: 12, Number of levels: 1 |
| Order No. | 0625220000 |
| Type | BK 6 CRN |
| GTIN (EAN) | 4008190026417 |
| Qty. | 50 items |

Disconnect plugs

In contrast to the terminal blocks with integrated disconnect lever, our disconnect plugs can be completely detached or removed from the terminal block and the respective application and offer a flexible alternative solution to our standard disconnectors.

General ordering data
