Product image

Partition plates and end plates are essential accessories for terminal blocks. Partition plates provide optical and electrical separation of different potentials and functional groups, increasing safety and ensuring a clear structure inside the control cabinet. End plates close the terminal block row on the sides, protect against contact with live parts, and ensure a clean, stable finish. Both components are precisely matched to the respective Weidmüller terminal block series, contributing to safe, compliant, and professional wiring.

General ordering data

Version	P-series, End plate, black, 2.5 mm
Order No.	1165330000
Type	PAP PTL/PSI 6/10 SW
GTIN (EAN)	4032248990665
Qty.	20 items
Delivery status	Discontinued
Available until	2023-02-18T00:00:00+01:00
Alternative product	AEP 3C 4 BK
