The halogen-free, transparent pocket of the WKM offers outstanding protection against environmental influences. Thanks to firm fixation with cable ties, it is suitable for almost all wire cross-sections.

The pre-printed tags are simply inserted into the WKM holder and secured with a clip. WKM cable markers are the right solution for maximum efficiency in on-site marking. Your advantage when using WKM cables

- Paper and polyester labels can be printed individually with conventional office printers
- The robust design in combination with MultiCard ELS tags guarantees maximum protection against environmental influences
