The RockStar® HighPower housings are manufactured from high-strength die-cast aluminium and offer perfect protection against harsh environmental conditions thanks to continual optimisation. The multi-part housing gives users the opportunity to examine work processes down to the last step in the workflow.

## Dimensions and weights

|            |       |
|------------|-------|
| Net weight | 141 g |
|------------|-------|

## Environmental Product Compliance

|                                      |                                      |
|--------------------------------------|--------------------------------------|
| RoHS Compliance Status               | Compliant with exemption             |
| RoHS Exemption (if applicable/known) | 6c                                   |
| REACH SVHC                           | Lead 7439-92-1                       |
| SCIP                                 | a1b198df-2a58-40a5-bb31-ff1a2bb12993 |

## General data

|                           |                             |                   |             |
|---------------------------|-----------------------------|-------------------|-------------|
| Number of poles           | 3                           | Installation size | 8           |
| UL 94 flammability rating | None                        | Colour            | Silver grey |
| Basic material            | Stainless steel, rust-proof | Series            | HighPower   |
| Free from halogens        | false                       | BG                | 8           |

## General data

|        |             |                |                             |
|--------|-------------|----------------|-----------------------------|
| Colour | Silver grey | Basic material | Stainless steel, rust-proof |
| Series | HighPower   |                |                             |

## Important note

|                     |   |
|---------------------|---|
| Product information | Depending on the intended operation, internally generated voltages can superimpose the working voltage and contain corresponding peaks. It is imperative to ensure that these peak voltages do not exceed the rated voltage. For applications outside of this specification, please contact us. |
|---------------------|---|
