Product image

The basic element of the modular CH20M housing offers a number of advantages that make it an excellent choice for your projects. With special cut-outs for bus and FE contacts, it is particularly flexible and adaptable.

Another plus point is the option of laser printing on the housing, which offers you high precision and individual design options. A wide range of colors is also available so that you can design the housing entirely according to your wishes.

The CH20M housing is also suitable for standard mounting rails, which makes installation and integration into existing systems easier.

General ordering data

Version	Modular housing, OMNIMATE Housing - series CH20M Pebble grey, Housing base, Width: 6.1 mm
Order No.	2771460000
Type	CH20M6 BP 4P-4P GY LF 1 1261516
GTIN (EAN)	4064675032199
Qty.	50 items

Technical data

Approvals

ROHS	Conform
------	---------

Dimensions and weights

Depth	114.3 mm	Depth (inches)	4.5 inch
Height	110.7 mm	Height (inches)	4.3583 inch
Width	6.1 mm	Width (inches)	0.2402 inch
Net weight	1.46 g		

Environmental Product Compliance

RoHS Compliance Status	Compliant without exemption
REACH SVHC	No SVHC above 0.1 wt%

Material data

UL 94 flammability rating	V-0	Insulating material	PBT
Insulating material group	II	Surface finish	untreated
Basic material	Plastic	Comparative Tracking Index (CTI)	400 ≤ CTI <600

General data

Colour	Pebble grey	Protection degree	IP20 in installed state
Mounting rail	TS 35	Colour chart (similar)	RAL 7032
Encapsulation option	No		

Assembly properties

Number of PCBs, max.	1	Number of connection levels, max.	8
Number of poles, max.	8	Height of components on the PCB, max.	3.5 mm
Type of assembly of the PCB	one-sided		

Mechanical tests

According to Standard	DIN EN 61373:1999 (shock and vibration)	
Test conditions	50g additional weight on the PCB, five housings installed in a row, with endbrackets WEW 35/1 (1059000000)	
Proved axes	X, Y, Z	
Shock test	General test advices	All mechanical tests were tested on exemplary setup, or in view of depending regulation. The specified results do not replace approval relevant tests. They are just orientation values.
	Test category	2
	Number of shocks per axle	3 in positive and negative direction
	Shock duration	18 ms
	Acceleration horizontal	300.00 m/s ²
	Acceleration vertical	300.00 m/s ²
	Acceleration longitudinal	300.00 m/s ²
Vibration test	Test duration	5 hours per axle
	Effective acceleration	42.5 m/s ²

Component properties

Number of connection levels, max.	8

Accessories

CH20M6 C - Flip cover

The Flip cover of the CH20M housing offers practical functions that support your application. It can be sealed, which ensures additional security and protection for your contents. You also have the option of printing on the cover using pad printing to clearly display important information or logos. In addition, markers can be used to apply specific instructions or markings directly on the cover.

General ordering data

CH20M6 BC - Housing side panel

The world of electronics in a disk

With a width of just 6.1 mm, the electronics developer's expertise creates compact application worlds. Specially developed for a PCB, the modular housing concept offers ideal conditions for small electronic components and the use of PCB terminals.

Maximum design freedom thanks to a generous net area of 6800 mm² on the PCB enables optimum assembly with space-saving geometries of the reflow-capable THR PCB terminal blocks. Error-free assembly and soldering processes are supported by optimized frame geometries and support geometries. In addition, customizable design options such as labeling, color selection and variable printable swivel covers ensure flexibility. Thanks to reflow-compatible connection elements and machine-compatible packaging, maximum efficiency in processing is guaranteed - for time-saving and precise installation.

LHZ-SMT L - left connection side

Naturally, the CH20M system also shows its detailed perfection in the peripheral interface.

If you are taking into consideration design options, processing, usability, reliability and security, then pin headers and connectors are just as critical in the real world as the entire system.

In every sector, the connection technology is at the top of its class.

- 100% safe protected against accidental touch
- 100% efficient fully compatible with reflow soldering
- 100% time and cost savings During the installation: the quick all-purpose "Multi-Tool" screw head ensures a secure contact, user-friendly operation and less complexity. Additional features, such as the "Wire ready" technology, enable you to minimize wiring costs and increase customer satisfaction.

General ordering data
