Partition plates and end plates are essential accessories for terminal blocks. Partition plates provide optical and electrical separation of different potentials and functional groups, increasing safety and ensuring a clear structure inside the control cabinet. End plates close the terminal block row on the sides, protect against contact with live parts, and ensure a clean, stable finish. Both components are precisely matched to the respective Weidmüller terminal block series, contributing to safe, compliant, and professional wiring.

General ordering data

Version	End plate for terminals, dark beige, Height: 42.6 mm, Width: 2.2 mm, V-0, Wemid, Snap-on: Yes
Order No.	3037650000
Type	SLEP 2C 10
GTIN (EAN)	4099987000437
Qty.	50 items

Accessories

Testadapter and testsockets

Test adapters and test plugs are used for the electrical connection between terminal blocks and the test equipment. In this way, an electrical contact can be established in the wired state and measurements can be done easily.
