Accessories

Measuring instruments

Precision tools from Weidmüller are in use worldwide. Weidmüller takes this responsibility seriously and offers comprehensive services.

Tools should still function perfectly even after many years of constant use. Weidmüller therefore offers its customers the "Tool Certification" service. This technical testing routine allows Weidmüller to guarantee the proper functioning and quality of its tools.

Accessories

Voltage tester

Test instruments are indispensable when installing, servicing and repairing electrical systems and equipment. Weidmüller has a full range of test devices, including voltage testers, clamp-on meters and power socket/circuit-breaker testers. Weidmüller always takes into account the wishes and experience of users in its development and design work, which means that Weidmüller devices are tailored to the needs of practical applications and are extremely reliable.

Voltage testers, No

Tools

- · Stripping tools with automatic self-adjustment
- For flexible and solid conductors
- · Ideally suitable for mechanical and plant engineering, railway and rail traffic, wind energy, robot technology, explosion protection as well as marine, offshore and ship building sectors
- Stripping length adjustable via end stop
- Automatic opening of clamping jaws after stripping
- · No fanning-out of individual conductors
- Adjustable to diverse insulation thicknesses
- Double-insulated cables in two process steps without special adjustment
- · No play in self-adjusting cutting unit
- · Long service life
- · Optimised ergonomic design

Tools, Stripping and cutting tool

with LCD Display

The main function of the voltage tester is to establish if voltage is present. A 2-pole voltage tester is the only approved testing instrument that fulfils the requirements of work protection regulations.

- with LCD-Display
- acc. to VDE standard,
- high peak voltage strength
- the right tester for every application

Tools, Accessories

VDE insulated telephone pliers

When working with live voltages, you must follow special guidelines and use special tools - tools which have been specially produced and tested for this purpose.

Weidmüller offers a complete line of pliers which comply with national and international testing standards. All pliers are produced and tested according to DIN EN 60900.

The pliers are ergonomically designed to fit to the hand form, and thus feature an improved hand position. The fingers are not pressed together - this results in less fatigue during operation.
