Accessories

Set of non-insulated screwdrivers

Weidmüller SoftFinish screwdriver for general uses, blade made from fully hardened, high-alloy chromium-vanadium-molybdenum steel, matt chrome finish.

General ordering data

Type	SD SET S2.5-5.5/PH1/2	Version	
Order No.	2749200000	Screwdriver set	
GTIN (EAN)	4050118895506		
Qty.	1 ST		

Cutter

Weidmüller is a specialist in the cutting of copper or aluminium cables. The range of products extends from cutters for small cross-sections with direct force application right up to cutters for large diameters. The mechanical operation and the specially designed cutter shape minimise the effort required. With its wide range of cutting products, Weidmüller meets all the criteria for professional cable processing.

Accessories

VDE-insulated diagonal-cutting pliers

When working with live voltages, you must follow special guidelines and use special tools - tools which have been specially produced and tested for this purpose.

Weidmüller offers a complete line of pliers which comply with national and international testing standards.

All pliers are produced and tested according to DIN EN 60900.

The pliers are ergonomically designed to fit to the hand form, and thus feature an improved hand position. The fingers are not pressed together - this results in less fatigue during operation.

Voltage tester

Test instruments are indispensable when installing, servicing and repairing electrical systems and equipment. Weidmüller has a full range of test devices, including voltage testers, clamp-on meters and power socket/circuit-breaker testers. Weidmüller always takes into account the wishes and experience of users in its development and design work, which means that Weidmüller devices are tailored to the needs of practical applications and are extremely reliable.

unfitted

Workshops and factories prefer well-organised sets of tools. That results in minimal searching and preparation, and that saves money. Weidmüller implements such knowledge when combining products, characterised by good benefits for users and good functionality. Weidmüller Crimp Sets for cutting, stripping and crimping wire end ferrules provide users with practical toolkits.

GTIN (EAN)	4032248357772		
Qty.	1 ST		

Tools

- Stripping tools with automatic self-adjustment
- For flexible and solid conductors
- Ideally suitable for mechanical and plant engineering, railway and rail traffic, wind energy, robot technology, explosion protection as well as marine, offshore and ship building sectors
- Stripping length adjustable via end stop
- Automatic opening of clamping jaws after stripping
- No fanning-out of individual conductors
- Adjustable to diverse insulation thicknesses
- Double-insulated cables in two process steps without special adjustment
- No play in self-adjusting cutting unit
- Long service life
- Optimised ergonomic design

with LCD Display

The main function of the voltage tester is to establish if voltage is present. A 2-pole voltage tester is the only approved testing instrument that fulfils the requirements of work protection regulations.

- with LCD-Display
- acc. to VDE standard,
- high peak voltage strength
- the right tester for every application

Measuring instruments

Precision tools from Weidmüller are in use worldwide. Weidmüller takes this responsibility seriously and offers comprehensive services. Tools should still function perfectly even after many years of constant use. Weidmüller therefore offers its customers the "Tool Certification" service. This technical testing routine allows Weidmüller to guarantee the proper functioning and quality of its tools.
