PZ 16 ZERT

Crimping tools for wire end ferrules, with and without plastic collars

• Ratchet guarantees precise crimping
• Release option in the event of incorrect operation

General ordering data

Version	Crimping tool for wire-end ferrules, 6mm², 16mm², Indent crimp
Order No.	9017340000
Type	PZ 16 ZERT
GTIN (EAN)	4008190420468
Qty.	1 items

Replacement parts

After stripping the insulation, a suitable contact or wire end ferrule can be crimped onto the end of the cable. Crimping forms a secure connection between conductor and contact and has largely replaced soldering. Crimping denotes the creation of a homogeneous, permanent connection between conductor and connecting element. The connection can be made only with high-quality precision tools. The result is a secure and reliable connection both in mechanical and electrical terms. Weidmüller offers a wide range of mechanical crimping tools. Integral ratchets with release mechanisms guarantee optimum crimping. Crimped connections made with Weidmüller tools comply with international standards and regulations.
