MB-MA-AZ-03

ModelBuilder by Weidmüller empowers machine and process experts to create powerful machine learning models —without any programming skills. The software guides users step by step through data import, visualization, and model training. Models can be built quickly, deployed locally or in the cloud, and flexibly optimized. This enables you to improve processes, enhance product quality, and unlock new business opportunities—using only your domain expertise.

Datos generales para pedido

Código	2819870000
Tipo	MB-MA-AZ-03

MB-MA-AZ-03

Technical data

Dimensiones y pesos

Peso neto	0 g

Conformidad medioambiental del producto

Estado de cumplimiento de la directiva RoHS	No afectado
REACH SVHC	Sin SVHC por encima del 0,1 % en peso
