La serie HA, piccola e stretta, viene utilizzata in particolare quando si ha a disposizione poco spazio.

Il livello del collegamento cavo è realizzato come contatto a crimpare. La tecnica di collegamento a crimpare viene utilizzata ormai da decenni.

I contatti a crimpate non sono in dotazione con gli inserti.

Numero di poli: 16

Corrente di dimensionamento: 22 A

Tensione di dimensionamento: 250 V

Tensione nominale secondo UL/CSA: 600 V AC/DC
