MB-EC-1Y

ModelBuilder by Weidmüller empowers machine and process experts to create powerful machine learning models—without any programming skills. The software guides users step by step through data import, visualization, and model training. Models can be built quickly, deployed locally or in the cloud, and flexibly optimized. This enables you to improve processes, enhance product quality, and unlock new business opportunities—using only your domain expertise.

Dati generali per l'ordinazione

N. d'ordine	2864190000
Tipo	MB-EC-1Y

MB-EC-1Y

Dati tecnici

Dimensioni e pesi

Peso netto	0 g

Conformità ambientale del prodotto

Stato conformità RoHS	Non interessato
REACH SVHC	No SVHC superiori a 0,1 wt%

Classificazioni
