

ModelBuilder by Weidmüller empowers machine and process experts to create powerful machine learning models—without any programming skills. The software guides users step by step through data import, visualization, and model training. Models can be built quickly, deployed locally or in the cloud, and flexibly optimized. This enables you to improve processes, enhance product quality, and unlock new business opportunities—using only your domain expertise.

一般注文データ

注文番号	2819870000
種別	MB-MA-AZ-03

技術データ

寸法と重量

正味重量	0 g
------	-----

環境製品コンプライアンス

RoHS 対応状況	影響なし
REACH SVHC	0.1wt%を超えるSVHCは含まれていません
