

ModelBuilder by Weidmüller empowers machine and process experts to create powerful machine learning models—without any programming skills. The software guides users step by step through data import, visualization, and model training. Models can be built quickly, deployed locally or in the cloud, and flexibly optimized. This enables you to improve processes, enhance product quality, and unlock new business opportunities—using only your domain expertise.

일반 주문 데이터

주문 번호	2819870000
유형	MB-MA-AZ-03

기술 데이터

치수 및 중량

순중량	0 g
-----	-----

환경 제품 규정 준수

RoHS 준수 상태	영향을 받지 않음
REACH SVHC	0.1 wt% 이상의 SVHC 없음

분류

ETIM 8.0	EC000809	ETIM 9.0	EC000809
